

CroWitches Whitepaper

CroWitches Upgradable NFT On the Cronos Blockchain

The Non-Fungible Token (NFT) space has drawn mostly tech obsessed nerds whose fascination with pixelated cartoonish characters left the rest of the world wondering where the world was headed.

Today, celebrities, billionaires, corporations and all sorts of financially literate individuals are clawing their way into the NFT realm to make a killing out of the now better understood multi-billion community. Massive adoption has characterized the last couple of months with all sorts of content creators taking a piece of the pie.

CroWitches NFT Philosophy

There is the need to not just have ownership of digital assets, but to passively earn from them. Some projects have incorporated NFT assets into gaming and other metaverse projects, but the potential is still unlimited.

CroWitches ushers in a never before explored avenue that allows NFT owners to determine how much they make from their custom art pieces, as well as a host of revenue streams.

Artists and all other content creators are reaping rewards never imagined before thanks to blockchain Technology and NFTS. The ease of carrying out transactions fueled by the growth of the crypto user base has drawn in all sorts of financial giants.

For the consumers and buyers of these NFTS, the options are endless. The focus then gets drawn to which projects guarantee a steady stream of income from digital assets, and what mechanisms have been put in place to make this possible. This is where CroWitches stands out from the crowd.

This Whitepaper outlines the unique nature of the CroWitches NFTs, the utility that holders will be guaranteed and a glimpse into what the future holds for this project that takes its place in the ever-evolving arena of blockchain.

CroWitches NFT is a collection of 3,333 uniquely drawn Witches each with its own style and look. CroWitches provides the added value for our holders through multiple utilities.
